

TOUR #224 - Crane Roving with Dr. Gary Ivey #1 - November 1, 2024

TOUR DATE:FRIDAY, NOVEMBER 1, 2024

TOUR TIME: 4:30 p.m. – 7:00 p.m.

DESCRIPTION: If you have never had the opportunity to visit with Dr. Gary Ivey about Sandhill Cranes, you won't want to miss this tour. Join Gary in a small group caravan around the delta to see cranes feeding in the fields. Meet with him at the [Woodbridge Ecological Reserve](#) SOUTH UNIT for an orientation and then travel along Woodbridge Road to view the Sandhill Cranes. This roving tour will eventually end up at the [Cosumnes River Preserve](#) or other location to watch for the evening fly-in. If you are looking to increase your knowledge about Sandhill Cranes in a small group setting with the opportunity to ask questions, this tour is for you.

Dr. Ivey works with the International Crane Foundation as a Research Associate and is an expert on Sandhill Cranes in the Pacific Flyway. He has worked with wildlife for over 40 years, concentrating his work on waterbirds, waterfowl, and wetland conservation. He studied nesting ecology of Sandhill Cranes for his Master's Thesis and wintering ecology of Sandhill Cranes for his PhD, both from Oregon State University.
