

TOUR #625 – Early Morning Fly-out with Paul Tebbel - November 8, 2025

TOUR DATE: SATURDAY, NOVEMBER 8, 2025

TOUR TIME: 5:30 – 7:00 a.m.

DESCRIPTION: Early morning fly-outs are special. It is so peaceful at the [Woodbridge Ecological Reserve](#) as the night gives way to scarlet colors in the east. The air is usually misty, and the wetlands are filled with ghostly figures. As the sun begins to rise, Sandhill Cranes begin their rattled calls. Then one of the leaders leans forward and dozens of cranes leap to the sky. Then more and more groups begin their flight to the surrounding fields to forage. Best of all, Paul Tebbel will be there to share his knowledge and answer your questions. Depending on weather and the Sandhill Cranes, your group will do some roving along Woodbridge Road to watch them as they are feeding. The early morning can be foggy so drive carefully. Woodbridge Road is narrow with deep canals along some stretches.

DIRECTIONS: From the North on Interstate 5, exit on Peltier Road and drive South on the frontage road two miles to Woodbridge Road. From the South on Interstate 5, exit on Turner Road and drive North on the frontage road one mile to Woodbridge Road.
